

MEMORANDUM FOR: Chairman, Honor Awards Board

THROUGH: Director of Training

SUBJECT: Request for Reconsideration of Nomination

1. On 23 April 1956, the attached recommendation was forwarded under the provisions of Regulation [REDACTED] prior to the release of revised procedures. 25X1A

2. The employees cited function so much as a team that it is not possible to say that one contributed "more" than the others. Although the level of work performed was not the same in all cases, the importance of the service was equal. Had one of the group failed to perform his duties with the enthusiasm and devotion to duty which was true of each, it would not have been possible to meet the requirements placed on the Staff. I would like to emphasize that this group did not merely conform to the best that might be expected and that this was not a one-time requirement. Throughout the year, the accomplishments of the group exceeded all expectations for production, at the same time maintaining the high level of quality which has always characterized their work. If individual recommendations were submitted on each, they could only repeat that as one of a team, each contributed in an outstanding manner to the performance of the mission of the Staff.

3. It is therefore requested that the Board reconsider this nomination, and that a Certificate of Merit be awarded each, with an emolument of \$100 for each person named.
